PILE LOTION

DR. J. S. MUNSON'S

THE most wonderful medicine for the almost immediate cure of Piles that was ever introduced. It cures so soon by applying it to the part. In three days it removes the tumors from the size of a hickory nut to that of a pea, by subduing all inflammation, and consequently all pain. Checks the hemorrhage, and subdues that intolerable itching immediately on its application. It gives the patient so much comfort, and such perfect relief at once, that every one that uses it wishes to give a certificate of its unparalleled effect on them, so that the large portion of the public similarly affected may also avail themselves of the same benefit.

Ask your Druggist to get it. 50 CENTS PER BOTTLE.

H. H. HULL,

SECRETARY.

S. M. GRISWOLD,

PRESIDENT.

NOTE.—In reply to the opposition to class teaching, we beg to state that all important musical institutions in Europe approve of and adopt the method. The class system, when applied by capable instructors, has been found to possess many advantages, being particularly applicable to beginners, causing an amicable rivalry among the pupils, while the rudiments, exercises, etc., are \$2\$ less fatiguing to learn and lose much of their uninviting and wearisome features. Reading at sight, a qualification so necessary to every performer, it assists to a surprising degree. One of the most notable results of class teaching is its radical removal of that deplorable habit prevalent among so many—the habit of playing out of time. It excites emulation and the ambition of the student to excel, to become a thorough musician instead of a mere performer, and is certain of imparting self-reliance and confidence, two qualities absolutely necessary to complete success.

HENRY W. LONGFELLOW, in a letter to Mr. Reich, dated Cambridge, January 29th, 1892, says:

"Surely neither King nor Kaiser ever tasted better. It is a delicious wine, and has all the health-giving properties attributed to it by the Medical Faculty.

Champagne, more than any other wine, is made in sufficient variety to suit all palates, but a champagne that is sure to please lovers of rich, very dry but fruity wine, is made by Moigneaux Pere et fils, Dizy, near Eperny, and for which L. Reich, 568 Fifth Avenue, between Forty-sixth and Forty-seventh Streets, New York, is the Sole Agent here. It carries no headache with it the next morning; in fact, this champagne of Moigneaux ranks among champagnes as does the Tokayer Ausbruch among Hungarian wines; it stands first. Both these wines are imported by Reich.—Home Journal.

PREPARATORY DEPARTMENT.

Where a thorough, liberal education can be had, to prepare those who are not sufficiently advanced to enter the Commercial.

Separate Instruction will be GIVEN TO THOSE WHO ARE BACKWARD, or those whose early education has been neglected.

In no other place is the comfort of the pupil more studied, and his moral training better attended to.

We are often asked, "What is required of those who want to come to us for a thorough, practical business education?"

In answer, we would say: A desire to learn, perseverance, and the quality of holding on till the desired object is gained. Students with such qualifications can better their condition, though they be deficient in learning, by being instructed and judiciously trained by competent, experienced gentlemen—such as are to be found in Kissick's Business College.

The Best Place to learn Stenography is where they give thorough, separate instruction, and the services of an experienced, competent teacher, to each pupil for one hour every lesson. That can be found in Kissick's Business College only.

Those who wish to be Successful in Phonography require a fair knowledge of English; especially to be good in Spelling. The more liberal the education, the better; but if any persons come to us deficient, they can have instruction till they become sufficiently intelligent and fully fitted to learn Shorthand that will enable them to procure good positions that pay well. We teach Spelling, Grammar, the use of Capitals and Punctuati n, Business Forms, Letter-Writing, Manifolding, Typewriting, etc. We labor to correct defects, increase speed and legibility. Phonography can be learned thoroughly and practically in 60 or 80 lessons (some learn it in less time) Speed from 100 to 125 per minute by our method of separate instruction (no failures).

Young Men and Women would learn Book-keeping, Stenography and Typewriting, if they knew how we could aid them, by securing lucrative employment. (Free of Charge). (No Charge for Diplomas).

Young Men proposing to enter any College or Theological Seminary, to engage in any of the learned professions, can receive thorough instruction; also Laties or Gentlemen prepared for examination as teachers, etc.

Ladies' Departments.—Separate apartments for Ladies and Misses, where they receive the same thorough instruction as Gentlemen, in English, Commercial, Languages, Shorthand, Typewriting, etc.

A Remedy for a Neglected Education.—Those whose early education has been neglected will find with us superior advantages for reviewing and pursuing their studies in *private*. For backward boys, girls, men and women, this is a rare opportunity, as no labor will be spared to bring them forward as quickly and thoroughly as possible.

The Commercial Course in this Institution includes any branch required to prepare the pupils thoroughly for Business. Spelling, plain, rapid Business Writing, Arithmetic, Correspondence, Business Forms, Book-keeping. etc., are the studies to which we give special and undivided attention. Day or Evening.

TERMS.--Per quarter—Day, \$20; Evening, \$15. Per year—Day, \$60; Evening, \$45.

The Book-keeping is thoroughly taught by an expert practical Book-keeper. The terms Dr. and Cr. are fully explained; the nature of entries defined, and journalizing elucidated Ledger Titles, closing and opening books, and balance sheets fully taught. As the student proceeds, every operation will be thoroughly analyzed until he is made familiar with all the principles of the science, and enabled to grasp the subject as a connected whole.

Evening Session.—For the benefit of those who may be unable to attend during the day, we hold an evening session from 7 till 9 o'clock. None too backward or too old to learn, as each student will be instructed separately or privately.

Penmanship is taught by the Principal and his Son. In removing Stiffness, Trembling of the Hand, and in making Good, Plain, Rapid, Graceful, Off-Hand Business Writers (Muscular Movement), they stand pre-eminent. \$8 per quarter; 25 lessons, \$5.

Commercial Arithmetic embraces a complete knowledge of all the essential parts of Arithmetic, such as Common and Decimal Fractions, Percentage, Interest, Exchange, Equation of Payments, Averaging Accounts, Partnership, Settlement, etc. Per quarter, \$15.

Letter Writing.—This accomplishment has been so much neglected in our Seminaries, that it is rare to find a pupil who is capable of composing even a tolerable letter.

By our system the student is taught, by the rules of Grammar and Composition with daily practice, how to express his thoughts clearly and concisely. To the diligent scholar we assure the ability to compose a letter that may be the means of opening his way to prosperity, and which will reflect credit on himself and his teachers.

The English Course consists of Reading, Writing, Spelling, Grammar, Composition, Arithmetic and Letter Writing. Merchants and business men will agree with us, when we say that besides Penmanship, Arithmetic, Business Forms and Book-keeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these we would particularly mention correct Spelling, Punctuation, and a sufficient acquaintance with the rules of Grammar and Composition to enable the student to compose either a good letter, business card or advertisement. For the acquisition of these accomplishments the ambitious student will find in our Institution the most ample facilities.

The full English Course, per quarter, \$20 to \$25; one year, \$60 to \$75.

Parents, EDUCATE YOUR DAUGHTERS, that (if necessary) they may be self-supporting.

Assistants.—They are teachers of unquestioned ability and experience.

No institution can excel us in giving good attention and thorough instruction to each student, and none equal us in moderate prices.

Phonography.—Young Men and Women taught practically Shorthand Writing, fitting them for *verbatim* Reporting—one of the most lucrative professions of the age. Six practical Stenographers constantly employed by us, Day and Evening.

We guarantee to make thorough, competent Reporters. Class, \$10; separately, \$15 per quarter.

THE REMINGTON STANDARD TYPE-WRITER.

There is a special demand for Stenographers who can transcribe their Shorthand notes on the Type-Writer. The demand for good operators is constantly increasing.

It can be learned thoroughly in one quarter, for which we charge \$10.

Deportment.—The discipline of the Institution is mild, but effective. We rule by love, and not by fear. The Principal and his Assistants appeal to the students' sense of gentlemanly propriety and behavior; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the College.

For good attention, thorough instruction, and kind treatment, there is no better Institution than Kissick's Business College.

Students can Commence at ANY TIME, Day or Evening.

College open for Instruction, Visitors and Applications from 9 a.m. to 9 p.m.
